FARMLAND PRESERVATION PROGRAM

What are the tax credits?

Participation in the state's farmland preservation program gives eligible landowners the opportunity to claim a farmland preservation tax credit on their income tax return in exchange for keeping the land in agricultural use and achieving state soil and water conservation standards. Land that is located in a certified farmland preservation zoning district or covered by a farmland preservation agreement signed or modified after July 1, 2009, must use Schedule FC-A to claim the credit. Tax credit amounts equal:

\$5.00/Acre for landowners with a farmland preservation agreement signed after July 1, 2009 and located in an agricultural enterprise area, or for landowners who have modified an agreement signed before July 1, 2009

\$7.50/Acre for landowners in an area zoned for farmland preservation

\$10.00/Acre for landowners in an area zoned for farmland preservation and in an agricultural enterprise area with a farmland preservation agreement signed after July 1, 2009, or in an area zoned for farmland preservation and with a farmland preservation agreement modified after July 1, 2009
