| 1 | I am not letting her walk to school as we live a mile away. There is no busing option available due to the mile that we live close, which is very difficult for getting her to and from school as both parents have to work. | 12/1/2023 9:16 AM |
| 2 | The round-about by the DOT/WFHR radio station makes me extremely nervous for kids crossing from the sidewalk (along the river/DOT building) over to Gaynor. So much moving traffic around the roundabout and so busy there. | 11/30/2023 1:12 PM |
| 3 | My student will never walk or bike to WRAMS as we live in the Kellner area. It's either get a ride or ride the bus. | 11/30/2023 12:27 PM |
| 4 | There needs to be an overpass from the bike trail to a path that goes to the school. More kids are struck by vehicles than what's actually reported. | 11/30/2023 11:36 AM |
| 5 | I think the community needs to consider multiple new safe walking biking paths specifically Grand Rapids area. Airport Ave, 48th, 32nd, and Whitrock Ave into Kellner. There are many people that walk and bike these roads where traffic is heavy. | 11/30/2023 10:28 AM |
| 6 | Big waste of money to hire the company you did with this survey they charge a lot, and do little. Walking or biking to school would never be an option due to distance, routes avaliable no matter how many bike paths that are created | 11/30/2023 7:42 AM |
| 7 | We live on the west side in a nice neighborhood. But it's the amount of sex offenders from point A to B. | 11/29/2023 10:02 PM |
| 8 | A safe route would also include not crossing busy roads or railroad tracks as well as routes being straight and through safe neighborhoods where sex offenders weren't on the pathway. | 11/29/2023 9:19 PM |
| 9 | We live little far away from school so it is kinda very hard to walk or bike special when it is snowing | 11/29/2023 8:28 PM |
| 10 | It's winter now in Wisconsin usually it's cold | 11/29/2023 8:17 PM |
| 11 | So much focus on walking and biking to school in this survey. How about we address the bus situations where the buses are packed even at 3 to a seat, or kids vaping on the bus, or the buses always arriving late to school, or fights on the bus or swearing and listening to very loud and inappropriate music. These are all things that is happening with our bus and I know the majority of other buses too. | 11/29/2023 7:03 PM |
| 12 | Bus ride is over an hour in the morning and afternoon. That's OVER 10 hours a WEEK on a bus. I think that is ridiculous. | 11/29/2023 6:59 PM |
| 13 | We live in Stevens Point. Walking or biking to school is not an option. | 11/29/2023 5:26 PM |
| 14 | We live by mead school and it is expected that my child walk to the middle school. There is no busing even though we are more than 2 miles away. There is no way I would let my child do this due to the fact that he'd either have to walk down 25th Ave with all the traffic or use side roads that would take him past the apartment buildings that have a lot of criminal activity. I do not feel that those options would be safe for my child. My older kids won't even ride the bus from the high school home due to the face that they have been hit and punched by the kids from said apartment buildings on the bus. | 11/29/2023 5:25 PM |
| 15 | Even walking to the bus is dangerous for a 5 year old to do alone. Single parents can't take off work to do this. It makes it difficult when I've had a schedule of 6am or 7am start time for 10 plus years. Then have to get him off the bus at 4. If I'm able to get him on at 8 I can't be there to get him off at 4. Not if I work at least 8 hour days. Which I work longer. | 11/29/2023 5:12 PM |
| 16 | I have seen ideas of a bike "carpool" where a certain amount of adults pick up kids like a bus stop . Have a meeting place and a bunch of staff and kids ride their bikes/sit in a trailer to | 11/29/2023 5:10 PM |

| 18 | The middle school is in the most inconvenient location possible. I don't understand why they moved it from the middle of the city to the furthest outskirts possible. | 11/29/2023 5:06 PM |
| 19 | Since we live far, walking or biking probably wouldnt be good options. Hence, this survey didnt really pertain to my child. | 11/29/2023 5:04 PM |
| 20 | The location of WRAMS compared to our home is the biggest factor because it's not even close. Lincoln is closer, so I will be much more likely to have my child bike to school when they get to Lincoln (walking is still too time-consuming considering the distance). | 11/25/2023 1:30 PM |
