Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

1724037	We live too far to walk or bike. If we lived closer we would do it all the time if there was a safe route.
1724047	It would be amazing if the Berskin connected to NCES!!!
1724051	Safety is a big concern. We recently moved to Rhinelander and live off K - has been unsafe X2 first month of school for my boys to just cross K to get on bus (car raced through twice when bus lights were on. I'd need a route not on K to bike.
1724022	We walked/biked to school in Milwaukee. Up here is too far we drive on K which is 55mph. no crosswalks and we cross 2 highways. Just wouldn't be possible to walk or bike up here.
1724018	NCES sits directly on a 55mph county hwy. It is in no way a safe place for kdis 4k-5 (school pop.) to walk or ride bikes. This is a small country school - not a neighborhood school.
1724023	NCES sits directly on a 55mph county hwy. It is not at all safe to have these kids 4K-5 (school population) walk or ride a bike. this is a small country school - not a neighborhood school.
1724053	We live 12-15 mile away from NCES
1724016	Hwy K is a no go, also people drive way to fast down our road for me to be comfortable with my child walking or biking.
1724036	For #12 - Due to schools location (on a Hwy) is why we stated "strongly discourages"
1724052	We are an open enrollment form outside the district so this couldn't apply to us with the distance.
1724041	We are a rural school. Very few would benefit from a bike path. Funds would be better allocated for an additional bus for before and after school care. To school 1.25 hours/to YMCA 1.5 hours.
1724032	My child attends school too far away. Walking/riding bike would never be an option & honestly this survey is a waste of time.
1724038	I'm not wasting my time doing this. No child should be riding bike or walking on Highway K.
