#### Meeting Overview:

- NCWRPC staff provided a brief recap of the second meeting, mentioning that Chapter 2 (Natural Resources), Chapter 3 (Housing), and Chapter 4 (Utilities & Community Facilities) of the Regional Comprehensive Plan have been reviewed at the last meeting. Current updates of the draft plan will continue to be posted on the NCWRPC website.
- Staff reviewed Chapter 5 (Transportation). The Committee had no specific concerns with the chapter's content but would like to see intermodal transportation covered. Also, the topic of electric bikes/scooters will be incorporated into the chapter.
- Staff reviewed Chapter 6 (Economic Development). The Committee did not state any specific concerns with the chapter's content. Industry Characteristics will be reordered in Table 17.
- Staff reviewed Chapter 7 (Land Use). There were generally no concerns with the content, but several considerations were mentioned. Both the effects of remote work and the installation of solar/wind energy have land use impacts that should be highlighted in the chapter.
- Staff concluded the meeting by mentioning that the Committee would receive an email to identify dates/times for the next meeting.
